Turning Over Sovereignty & Eradicating the Constitution

BOMBSHELL: Biden Surrendering US Sovereignty to World Health Organization

- **“In May 22-26 2022** the World Health Organization meets with the UN in Davos Switzerland. There WHO planned to declare a unilateral World Health Crisis based on just a personal opinion of possible health threats.”
- **“The declaration under Agenda 2022, Section 16.2** will allow WHO to take complete control of all nations of the world including the US, which will then lose their sovereignty, with no recourse to oppose the measure.”
- **“This decision was supposedly passed,** signed, sealed and delivered by every US Congressman and Senator. Biden has already handed over US sovereignty to WHO.”
- **Ushering In Tedros As Health Dictator Of The World: Biden’s Treasonous Set Of Amendments Sells Out The Sovereignty Of Mankind.** “If Biden’s Bill passes, the WHO can declare a health emergency in a country without consulting with the country...and if the country resists, he can go ahead and, within 24 to 48 hours, begin to mobilize all the resources of the UN against the country.”
