[Doctors are begging parents not to give their children deadly covid-19 vaccines...](#) **Judy Note: The US Government is urging its constituents to give their children a vaccine known to maim and kill. Horrendous Outcomes for Babies and Children in Moderna's Vax Study:** The dosage is 25 micrograms, eight times Pfizer's dosage of 3 micrograms. A 6-month-old baby weighing 17 pounds receives the exact dosage as a 50-pound 5-year-old kid. Young babies suffered a 500% increase in adverse events compared to the older cohort. Roughly 38% of the children in Moderna's study, suffered an adverse event that required medical attention.
