THIS IS WHAT YOU CALL A "STACKED DECK". IF YOU HAD A HUNCH THE NEWS MEDIA WAS SOMEWHAT RIGGED AND YOU COULDN'T PUT YOUR FINGER ON IT, THIS MIGHT HELP YOU SOLVE THE PUZZLE.

Now you know why no one is investigated. They all have their hands in the cookie jar! You might remember James Comey who investigated the Clinton email scandal and the Clinton Foundation and made the final decision to not recommend prosecution by the DOJ.

It turns out that the Clinton Foundation was audited by the law firm DLA Piper. One of the executives there was in charge of the Clinton Foundation audit.

Who was it? Peter Comey, James Comey's brother. Peter Comey held an executive position with the Washington law firm that did the audit of the Clinton foundation in 2015. Peter Comey was officially DLA Piper "Senior Director of Real Estate Operations for the Americas," in 2015 when the Clinton Foundation scandals first broke and Hillary was preparing for her Presidential campaign. Not only was DLA Piper, the firm where Comey's brother worked involved in the audit of the Clinton Foundation, but according to the foundation's donor records, DLA Piper has given between \$50 - 100k to the Foundation. It gets even cozier. DLA Piper executive Douglas Emhoff is taking an extended leave of absence from the firm.

Who is Douglas Emhoff? He is the husband of KAMALA HARRIS! Just a coincidence. Amazing if it is. You can't make this stuff up! Another example of the DC swamp."

And it only gets worse. This "Family Tree" will make your head spin.
