## 'R U SERIOUS' NEWS & PROPHECY

How Many Times Can You Be Lied To When You Don't Know The Truth?

### **FOOD FOR THOUGHT ...no time to waste**

#### Over 50? Then your Government wants you dead

"In Britain, it is now official Government policy to ignore the needs of the elderly. Doctors and nurses are told to let old people die – and to withhold treatment which might save their lives. Hospital staff are told to deprive the elderly of food and water so that they die rather than take up hospital beds. Nursing home staff have even been given the right to sedate elderly patients without their knowledge. The only -ism that no one cares about is ageism." Whose next?

cause of death. They concluded it was the jabs because they found spike proteins in his brain.”
