[Sen. Schumer calls for replacement of Americans who can't have babies after mRNA jabs](#) ...”Democrats are actively calling for dead, aborted or still birthed Americans to be replaced by illegals” - ”Once derided as a racist conspiracy theory, "replacement theory" is not only confirmed but even touted by Democrat Sen. Chuck Schumer...who claimed millions of illegals must be granted amnesty because the US population "is not reproducing on its own."

“This time, The Genocide Will Be Televised,” – Stew Peters Documentary

- **There are FIVE BILLION human beings** walking around as ticking time bombs. Just waiting to die suddenly. “This time, the genocide will be televised.” ...Stew Peters
- **Healthy adults are dropping dead all across the globe.** In the last 18 months, the term “Died Suddenly” has risen to the very top of “most searched” Google terms.
- **Common sense, hard working Americans** — anxious to have an honest conversation about what we’re seeing play out in the real world — have been suppressed and silenced. “Died Suddenly” promises to end that suppression forced

on us by the powers that be. The EPIC blood cost paid will come to be known as a Covid-Caused Holocaust.

- **Whether it's the actuaries, insurance companies, embalmers, OB-GYNs, veteran doctors and pathologists, or military flight surgeons,** Americans who have witnessed this destruction will stand for it no longer.
- **After *Died Suddenly*, America will no longer ignore the alarming rates of people dying suddenly.** Pro athletes in the prime of their careers, have been dropping dead in record numbers. Formerly rates of athletes collapsing or dying during their contests hovered around 5-10 per year. Last fiscal year the number of athletes collapsing or dying suddenly approached 1000.
- **Pilots and doctors in peak condition are stroking out.** Over *eighty* Canadian doctors in the prime of their health have dropped dead. These are unbelievable numbers of young people in the prime of life. Healthy eighteen-year-olds. Vibrant, young adults in their twenties.
- **These fibrous white-colored blood clots** are being taken out of the victims. The clots are the texture of calamari that embalmers have never seen before — until last year. Consistently — over and over again — they're seeing them. And the common denominator? The injection.
- **The press wants to suppress this, the story of the *century*,** because they're owned by big pharmaceutical companies. Every show that anchors Mainstream Media's Programming is brought to you by Pfizer or Moderna or some other head of the hydra.
- **Every single doctor in the United States** has had his or her licensure threatened, whether implicitly or directly.
- **Virtually every politician being threatened by Epstein-style influence operations** — and yes, that influence goes straight to the Oval Office by way of former Chief of Staff Mark Meadows.
- **We here at the Stew Peters Network are NOT bought and paid for.** We are all about humanity, all about saving lives. We WILL break through the censors. We WILL wake up humanity and end this deadly operation.
- **One day historians will call this the genocide that wasn't televised.** Well, now the post-Covid holocaust will be aired out for the world to see. This time, the Covid Genocide will be televised. And it MUST stop now.
- Because now they're targeting our kids by adding dangerous, often deadly injection to childhood vaccine schedule for a "disease" that almost never impacted children. Approximately ZERO children were seriously affected by covid-19. But

they certainly started dropping like flies with the clot shot. A congressman's daughter died. Earnest Ramirez's best friend and son is gone forever.

- Every one of us knows someone or knows *about* someone who has died suddenly. And the stories keep coming.
- With the drastic rise in the infertility rate we're seeing we may well have lost an entire generation.
- This is the extinction-level population reduction event the Georgia Guidestones warned us about. They *told* us they wanted to depopulate the planet, that they want to decrease the number to around 500 million humans. That is a population reduction of approximately 7.5 BILLION human beings — or about eighty-five percent of the human beings on planet earth. The global elites engineering this reduction are all heavily invested in making that population reduction a reality.
- And the killer press is complicit. Don't let their propaganda fool you. We most assuredly are NOT in this together. Right along with those who manufactured, mandated, invented this murderous technology that delivered all these hundreds of thousands of deaths, the press are complicit in the holocaust, as well.
- When we here at the Stew Peters Network are done, it will be blatantly obvious to every American that it is time for a Nuremburg style criminal tribunal to INDICT, to TRY and to FRY those who are complicit with pushing the genocide by inoculation right alongside the network of Deep State sycophants who perpetrated this mass die off.
- Many members of the press and their clapping seal politician pals — desperate to get air and seem compassionate — are just as culpable in delivering the killer shot as those who designed and mandated the mainlining of this poison.

[Dr. Sherri Tenpenny warns of DEATH TSUNAMI caused by COVID-19 vaccines](#)

This death tsunami that I've been talking about for the last two years — it's arriving right now,” she said. “I don't know if that was the Holy Spirit moving me – I think it was part Holy Spirit and part scientific knowledge, and what I was able to study and learn and see along the way.”

I really wish this article today on the Holy Spirit Board was something from the Babylon Bee, but sadly, it is not. It's hard to say what's more demonic, the original Ouija board with its satanic gothic styling cues, or this one that presents Jesus in a mocking way, and drags the Holy Spirit into just for fun. The worst part is the number of Laodicean Christian churches that have already ordered it and are planning to have Fall Festival family fun nights.
